

POLYSMART

Shutters that look beautiful, perform brilliantly and work as hard as you do to create the perfect home environment.

LIGHTER, STRONGER, SMARTER.

POLYSMART

Material	• MYT's own formulated Virgin Polymer. • Certified non-toxic (EU REACH compliant).
Design & Performance	• Aeronautically inspired louvre design reduces overall weight for easier handling. • Created to be structurally superior to standard PVC shutters. • Improved thermal efficiency compared to PVC and Timber shutters. • Luxury finish with no visible end caps. • SupaTilt included, allowing up to 23 louvres in one panel • Available in 89mm louvres (76mm coming soon).
Installer benefits	• Lighter than solid core PVC and MDF alternatives, significantly reducing installer fatigue and improving on-site productivity.
Finish options	• Available in 15 paint colours with a silky-smooth surface finish, designed for long-term durability and minimal maintenance.
Warranty	• 15-Year Structural Warranty. • 5-Year Paint Finish Warranty.
